**TERMINAL DISCLAIMER OF SELECTED CLAIMS TO OBVIATE DOUBLE
PATENTING REJECTIONS BASED ON PRIOR PATENTS**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants Dr. Marilyn K. Silverman and Dr. Stephen E. Silverman (Dr. Stephen E. Silverman being recently deceased) as the owners of the entire right, title and interest in and to the above-identified pending United States patent application, hereby disclaim the enforceability of certain of the claims, as specified below, pending in the application

during the part of the term of any patent granted on the instant application, which would extend beyond the expiration dates of the full statutory term, as shortened by any terminal disclaimers, of prior U.S. patents as specified below, and hereby agree that certain of the claims of any patent so granted on the above-identified application shall be enforceable only for and during such periods that the granted patent and the patents which are the subject of the disclaimer(s) for those certain claims are commonly owned.

Applicants Dr. Marilyn K. Silverman and Dr. Stephen E. Silverman (Dr. Stephen E. Silverman being recently deceased) hereby disclaim the enforceability of currently pending claims 1, 9, 15 and 17 during the part of the term of any patent granted on the instant application which would extend beyond expiration of the full statutory term, as shortened by any terminal disclaimer, of U.S. patent 5,148,483, and hereby agree that claims in any patent, issuing from the instant application, corresponding to claims 1, 9, 15 and 17 pending in the above-identified application, shall be enforceable only for and during such period as the issuing patent and U.S. patent 5,148,483 are commonly owned.

Applicants Dr. Marilyn K. Silverman and Dr. Stephen E. Silverman (Dr. Stephen E. Silverman being recently deceased) hereby disclaim the enforceability of currently pending claims 10 and 18 during the part of the term of any patent granted on the instant application which would extend beyond expiration of the full statutory term, as shortened by any terminal disclaimer, of U.S. patent 5,976,081, and hereby agree that claims in any patent, issuing from the instant application, corresponding to claims 10 and 18 pending in the above-identified application, shall be enforceable only for and during such period as the issuing patent and U.S. patent 5,976,081 are commonly owned.

Applicants Dr. Marilyn K. Silverman and Dr. Stephen E. Silverman (Dr. Stephen E. Silverman being recently deceased) hereby disclaim the enforceability of currently pending claims 5 and 16 during the part of the term of any patent granted on the instant application which would extend beyond expiration of the full statutory term, as shortened by any terminal disclaimer, of U.S. patent 6,591,238 and hereby agree that claims in any patent, issuing from the instant application, corresponding to claims 5 and 16 pending in the above-identified application, shall be enforceable only for and during such period as the issuing patent and U.S. patent 6,591,238 are commonly owned.

This agreement runs with any patent granted on the instant application and is binding upon the grantees, their successors and assigns.

In making the above disclaimer, the applicants do not disclaim the enforceability of any claims during the terminal part of any patent granted on the instant application that would extend to and beyond the expiration date of the full statutory terms of prior U.S. patents 5,148,483; 5,976,081 and 6,591,238, as shortened by any terminal disclaimer, in the event that one or more of these patents later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or is terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of the full statutory term as shortened by any terminal disclaimer

I hereby declare that I am authorized to execute this terminal disclaimer on behalf of Marilyn K. Silverman and Stephen E. Silverman and I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made

with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application referenced above or any patent(s) issuing therefrom.

To the extent there is any fee required in connection with the receipt, acceptance and/or consideration of this paper and/or any accompanying papers submitted herewith, please charge all such fees to deposit account 50-1943.

Respectfully submitted,
